

44th Ave East Extension Projects

Project Update
Monday, February 22, 2021

Over the next two weeks, the contractor will continue installing the water main along the north side of 44th Avenue East between Morgan Johnson Road and 62nd Street East. Upon completion of the water main installation, the contractor will prepare for roadway construction in the coming months.

A significant amount of curb and sidewalk installation and roadway paving along the new Caruso Road alignment has also been completed.

**Water main installation along
44th Avenue East**

**A paved section of the new
Caruso Road alignment**
