

44th Ave East Extension Projects

Project Update September 19, 2023

Over the next two weeks, the contractor will work on pavement markings and general cleanup between 45th Street to 62nd Street. They will also continue installation of new underground utilities and the storm sewer system on the east side of the Braden River. One travel lane in each direction are open to traffic on the 44th Avenue Bridge over the Braden River.
